Our patent pending design for our **pre-punched back-up camera/sensors** are included in the main frame box cover at NO additional purchase or install cost. All of which saves you time and money so that you can get your truck back out on the road in a timely manner.

The C2-series is just like the light duty liftgates that you're already familiar with but with a **reduced cost on all of our C2 liftgates and parts**. If that doesn't convince you, we also add galvanized option at **NO** additional cost!

With over 46 dedicated Sales and Technical Service team members strategically located nationwide, rest assured that we've got you covered (including Canada and Mexico) for any inquiries that you may have.
